

MISS MABEL G. WHITING, registrar, is leaving tomorrow for San Jose for a registrars convention.

WILLIAM T. ELLIOTT, is in charge of the faculty voluntary payroll deductions for the purchase of war bonds. Elliott is also the new adviser of Junior Optimists, campus service club.

ALAN A. REVILL, will be in charge of the Sigma Phi Sigma tryouts Monday afternoon at 2:30 in BB.

MASON TETER, editor of the Student Directory, today stated that the annual edition of names, addresses, and phone numbers, will be distributed on the campus Nov. 20. Teter is this semester's sports editor of El Don.

JC Offers Student Holiday Courses

Jaysee War Drive Begins Next Week

Sale of United States war bonds and stamps on the campus will be begun next week, Eugenia Bond, president of the sponsoring club, Piloteers, stated today.

Although this service club has jurisdiction over the sales, other clubs will be assigned certain days when they will have charge of the booth to be set up in College hall, it was learned.

The combined efforts of the faculty and Associated Students last year boosted the campus campaign well over \$10,000. A recheck of figures reveal that almost \$2000 worth of bonds were sold during the month of March alone.

College Hero Roll Placed In Library

With an American flag draped over it, jaysee's hero plaque of Carrara black glass will be mounted in panel between the library reading room and the reference room, it was learned today.

Already containing the names of three Don alumni who have lost their lives in the field of battle, the roll of honor may be increased by the names of former collegians who have been reported as "missing in action." Until these reports are confirmed their names will not be placed on the plaque, Director John H. McCoy declared today.

Inscribed on the roll during the summer were the names of Del Holan '40, Bob Spickard '41, and Allan Goff '40. Holan was killed in action on the African theatre of war last winter. Spickard died in a navy plane crash on the East coast, and Goff was lost during a heavy British bombing raid on Germany. Goff was a member of the RAF.

Army, Navy And Marine Corps Plan Attracts 41 Collegians

Herman J. Sheffield, director of the enlisted reserve, today disclosed that a total of 41 jaysee students have taken advantage of the enlisted reserve programs offered by the Army, Navy, and Marine Corps, and have taken the oath as members of the nation's armed forces.

Sheffield said that the list may not be complete because several students may have not yet reported their enlistments or the enlistment boards have not notified him of the new enlistments. He requests that all students in any reserve program whose names does not appear in the lists below notify him immediately.

Navy Reserve

The Navy leads in number of enlistments with 25 members. Members of the naval reserve are Lewis Locke, Field Berry, Jack Davis, Charles Hindley, Willard Keeler, Harold Stanley, Carl Zlaket, Harry Bancroft, Ray Ross, Norman Magnesson, William Barnett, Floyd Tait, Bill McPhee, Charles Christian, Bob Brigante, Thomas Mathewson, Bill Gulley, Charles Pierson, Darrell Greenwald, Bob Hoyt, Don Harding, James Givens, Hartford Smith, Sam Davis, and Charles Flanagan.

Ten collegians are in the United States Army reserve. Army enlistments are Paul Cleary, Charles Geren, Scott Hoeptner, Lloyd Thomas, Gus Luzania, Jack Sloson, Basil Martinez, Ted Schunck, Bill Crary, and Francis Thorn-

JC Classes Adjourn For Armistice Day

College will adjourn for a one-day recess Wednesday, Nov. 11, Armistice Day. Because of the holiday, double cuts will be in effect Tuesday and Thursday, Director John H. McCoy said today.

Feature of the holiday will be the Santa Ana-Los Alamitos Naval Air Base game in the Municipal bowl. Game-time is slated for 2:30. Serenading Scarlet and Black rooters and performing between halves will be the local high school band.

Student Loans Total \$34,000

Announcement was made today by Mrs. Jennie L. Tessmann, chairman of the student loan fund, that latest financial records for the fund disclose that loans totaling \$34,000 have been given since its founding on the campus twenty years ago.

The fund is supported by contributions from clubs and individual sources. Loans are made to a score or more students every year in amounts up to \$200. This year the college has seen fit to aid five students in different institutions.

The purpose of the various loans is to enable young people who have shown quality and achievement to continue their education. No interest is charged until two years after the student has graduated and has obtained a job.

The records of the fund are audited by Harold Yost, college auditor. The fund is under the management of four trustees: Mrs. Tessmann, Miss Agness Todd Miller, Herman J. Sheffield, and Director John H. McCoy.

In an attendance breakdown of the total jaysee enrollment Registrar Mabel G. Whiting disclosed today that Orange county contributed 420 students of the 734 total.

Cities represented include Santa Ana, 226; Orange, 51; Newport, 43; Tustin, 31; Garden Grove, 25; Huntington Beach, 17; Laguna Beach, 8; Brea, 1; and 9 from both Anaheim and Capistrano.

The rest of the enrollment is comprised of 196 special students, 34 flight students at Baker, and 53 enrollees in the college signal course.

The total number of students at jaysee is almost the same as that of last year, discounting the theory that enrollment has been seriously affected by the war.

Heiges Issues Call For Band Members

Instructor Kenneth Heiges today issued a call for students who can play a band instrument, read music, and would like to become a member of the Don band.

At the present time there are only 14 musicians in the unit, Heiges stated, and until the band is augmented by additional players there will be no uniforms issued or majorettes selected to work with the organization.

Heiges declared that band members are personally conducting a recruiting campaign to increase the size of the band to at least 40 pieces by the time of the Santa Ana-Fullerton game on Thanksgiving day.

Any student who can play a drum, clarinet, or reed would be especially welcome, Heiges said. Band practice is held on Monday evenings and Wednesday and Friday afternoons.

Downtown Stores Display Posters

Colorful football posters advertising the weekly Don games are today being displayed in prominent positions of 16 downtown business stores, according to Eugenia Bond, advertising commissioner.

Each week the old posters are taken out and new ones advertising the coming grid tussle are put in their place.

Local concerns displaying our posters are Hills's, Swanberger's, Vandermast, Tierman's, Hugh J. Lowe, Al's Sporting Goods, Neal's Sporting Goods, Eddie's Cafe, Frank's, Campus Togs, Santa Ana Bookstore, Rankin's, Leeds, Santa Ana Register, Herwitz Clothiers, Bill Crary, and Francis Thorn-

BOB BRIGANTE, Associated Student president, is in charge of student primary class elections scheduled for Wednesday. Final voting will be held on Friday.

County Sends 420 Dons To Jaysee

In an attendance breakdown of the total jaysee enrollment Registrar Mabel G. Whiting disclosed today that Orange county contributed 420 students of the 734 total.

Cities represented include Santa Ana, 226; Orange, 51; Newport, 43; Tustin, 31; Garden Grove, 25; Huntington Beach, 17; Laguna Beach, 8; Brea, 1; and 9 from both Anaheim and Capistrano.

The rest of the enrollment is comprised of 196 special students, 34 flight students at Baker, and 53 enrollees in the college signal course.

The total number of students at jaysee is almost the same as that of last year, discounting the theory that enrollment has been seriously affected by the war.

Heiges Issues Call For Band Members

Instructor Kenneth Heiges today issued a call for students who can play a band instrument, read music, and would like to become a member of the Don band.

At the present time there are only 14 musicians in the unit, Heiges stated, and until the band is augmented by additional players there will be no uniforms issued or majorettes selected to work with the organization.

Heiges declared that band members are personally conducting a recruiting campaign to increase the size of the band to at least 40 pieces by the time of the Santa Ana-Fullerton game on Thanksgiving day.

Any student who can play a drum, clarinet, or reed would be especially welcome, Heiges said. Band practice is held on Monday evenings and Wednesday and Friday afternoons.

22 Don Instructors Sign Payroll Deduction Pledges

Twenty-two instructors on the college faculty had signed pledges today to accept voluntary payroll deductions each month in order to purchase war bonds during the current year.

Others are expected to contribute before the final report is submitted to Ray Adkinson, county superintendent of schools, next Tuesday.

Plan First Class Meeting Nov. 23

Afternoon instruction to train students interested in obtaining Christmas work will be offered again this year under the direction of Miss Dorothy Decker, it was learned today. Students who wish a recommendation from the jaysee should enroll at once, Miss Humiston said.

Approximately 200 women and men clerks will be in demand during the holiday rush and all who wish to secure these jobs must obtain a permit from each of their instructors. There have already been calls for approximately 60 workers, Miss Decker declared.

Classes, which begin Nov. 13, will be held in C110 from 3:30 to 5 p.m. Other sessions will be held on Nov. 18, 20, and 23. Special cash register and wrapping classes will be held in E205.

Speakers who are tentatively scheduled are A. L. Tidwell, manager, Kress and Co., who will lecture on "Care of Stock and Problems of Christmas Selling in a Variety Chain Store"; Robert L. Brown, "The Sales Approach"; and "Use of the Cash Register" by the representative of the National Cash Register Co.

Apathy In Jaysee Politics Evident

Widespread apathy towards student politics was evident today in both sophomore and freshman classes as official listing of nominees for class officer elections showed a total of only three candidates for eight executive officers, at press time. Deadline for the petitions is set for 12:30 this afternoon.

Each petition requires 50 different signatures and no student may sign for any one officer. Collegians go to the polls Wednesday with the final vote scheduled for Friday. Polls will be open each day from 9 a.m. to 3:30 p.m.

Tabulation reveals three candidates for sophomore officers of which one is seeking the presidency, one the vice-presidency, and the other the position of secretary. There is no candidate for treasurer.

There were no nominations for any office of the freshman class.

News Flashes

Orville Knutson has been selected to represent the jaysee at a history conference scheduled at Stanford university Nov. 27-28.

Following their first meeting of the year late this week, newly appointed faculty departmental chairman are today planning a series of departmental meetings sometime before Thanksgiving.

C. R. Nisewanger is today located in the BL office formerly occupied by Miss Hazel D. Dawson who retired this year. Nisewanger has been assigned to assist at the Tuesday and Wednesday afternoons physics lab classes. Various editorships for the 1943

All students interested in the Delano are asked to see Don S. Overdorf, adviser of the yearbook, in BJ2 sometime during the week of Nov. 9-13 for an interview, it was announced today.

An editor-in-chief, literary editor, art editor, photographer, and business manager will be needed to plan and produce this year's book. Any student with particular ability in any of these fields are welcome to apply.

EDITORIALS

● Pro and Con Comment

By M. KEYS GALLAHER

Chewing Gum and Steaks

The gaps in the grocery store shelves are becoming larger. College student Joe Doaks and his sister Susie dash into the drug store for their favorite package of chewing gum to find it conspicuous by its absence. Mother goes to the store for a fine thick steak and a can of coffee and is apt to return with a pound of wienies and a package of some reasonable facsimile of "Java."

Each day the radio blasts away on that unpleasant subject of sacrifice, causing Mr. Average Citizen to take on a dark blue hue.

It might be a good idea to start the habit of thinking about what we have, and forgetting what we are giving up. Since habit is such a powerful force, we shall soon convince ourselves that the alleged giving up is relatively easy, and that geographically, materially, and spiritually we are the most fortunate people on earth today. This little mental trick is amazingly simple, but it likewise produces results. The things which we are giving up, will soon become quite unimportant.

* * *

The War and College Youth

Many a young man or woman, in or out of college today, feels several years older than he did a year ago. Quick maturity has been forced upon them, with the stress and strain of the past few months, and the old "you can't do this to us" attitude has almost completely disappeared. Conflicting statements from officials, pronouncements from Washington, bulletins from the War and Navy departments and directives affecting each and every one of us, has caused many easy-going, nonchalant youth, to suddenly feel indescribably older than he did a few short months back.

It is necessary to have a good hot fire to temper fine steel and to burn out dross from metals. So shall the ever increasing responsibilities in the lives of the average college student, shake the accumulated cobwebs out of his brain and dispose of false ideas, and artificial standards.

● Down To Business

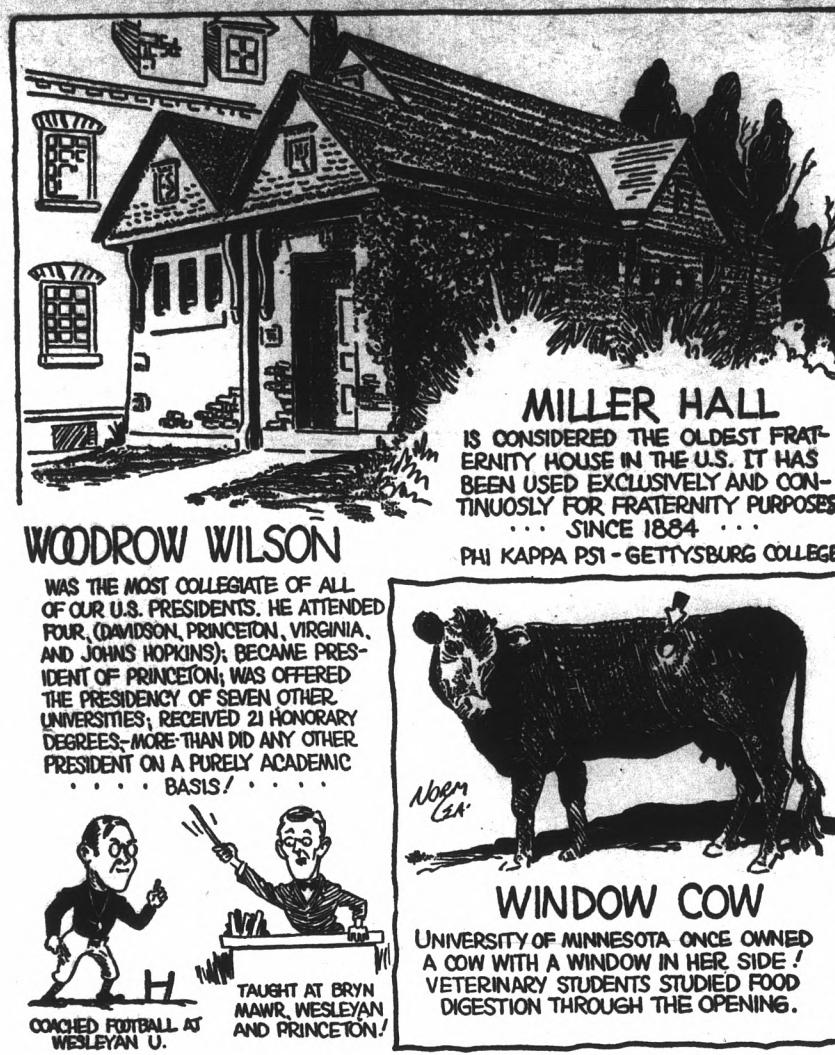

Let's get down to business, or rather down to war business.

It has been observed by some critics that the people of our country are not taking the war seriously enough. Frankly, college journalists are not ready to pass judgment on the country as a whole or even any part of the country, for any conclusion which might be reached would not be based upon factual evidence.

Students of college age will and are already making many great sacrifices for this war. They have been called upon to fight, to delay marriage, to sacrifice economic opportunity, to work at unpleasant tasks, to delay education, in addition to the shouldering of post-war responsibilities, the buying of bonds, and the cooperating in rationing programs.

College students are doing these things without any whimpering or crying. Therefore, it would be in keeping with the fighting spirit of American youth to voluntarily curtail unnecessary college activities which contribute more or less non-essential elements to the war efforts. Social club activities should be reduced and deemphasized and war work should be substituted for all such activities.

College activities which tend to contribute to the main job at hand, namely, education for war work, should be continued and expanded. Many students do not realize that the quicker we can finish this war business the better for everyone; for it is only when we have a world at peace that we can build and reconstruct for the world of the future.

Capital To Campus

By Jay Richter, ACP Washington Correspondent

As this is written, the Potomac is overrunning its banks, from the top of the Washington monument one can see the turgid waters filling low areas through the District of Columbia. Six days and nights of steady rainfall have left Washington war workers, Congressmen, officials and "parasites" limp and damp and crotchety...

The wettest week in Washington history is also a week of the greatest historical significance to American colleges. Strong currents also are running through Congress and administrative offices. The bill to draft 18 and 19-year-olds is about to be passed; the senators are wrestling with it right now.

That bill may determine whether you continue your education, and, if you do, what shape it may take during the remainder of your years, or months, in school.

By the time you read this perhaps you may be able to prompt us on some of the points, but here's the way the picture looks now:

Most teen-aged college students won't be called into military service until the end of this school year. This is particularly true of competent students, especially those taking scientific and technical courses.

After this year, when inroads on college teen-agers are likely to be relatively heavy, the question of who shall remain in school will be a stickler. The draft bill itself isn't likely to lay down strict stipulations on this matter—it will be left to administrative decision.

U.S. War Education

These same courses will suffer in America. Officials in the Office of Education here believe that American colleges haven't done all they should to cope with that inevitable situation.

First, say the officials these educators should expand their curricula, and quickly, to include additional science courses, courses in physical education and the like. In short, courses that tie in more closely with prosecution of the war.

Conversion, in many cases, hasn't been thorough and it hasn't been prompt.

Second, liberal arts educators should devise a plan right away for keeping their best students—scholastically speaking—in school. The need in this war for trained, educated men and women is as great as the need for front line fighters. It is highly important that the "right" students remain to study. Recommendations of the arts colleges will probably determine which are the "right" students, even though final decision will, theoretically, be up to the

War Production Facts

This is a war of horsepower. In 1918 the average infantry division was equipped with 3,300 horsepower. Today's division musters 400,000 horsepower.

"When Adolf Hitler put his army on wheels," says Lieut. General Breton B. Sommerville, chief of the U. S. Army Services of Supply, "He drove right down our alley."

Industrial experts estimate the horsepower potential of internal combustion engines produced by one automobile manufacturer alone in 1941 is 100 times the 2,400,000 horsepower generated by the Grand Coulee Dam.

A new lightweight Diesel marine engine that develops the same horsepower as previous Diesels but takes up only one-third the space has recently been developed and put into operation by an automobile company.

FEATURES

● Gas Rationing Is Here

By the end of this month gas rationing will have swooped down on us and many a neighborhood feud will probably be patched up via the "share your car plan." The out-of-town students will have to do some tall conniving in order to insure transportation to and from school. While the limited gas and tire rationing will undoubtedly cause inconveniences, cooperation and the golden rule will go a long way toward smoothing out these transportation problems.

There won't be any joy-riding gasoline! If the boy friend says "out of gas," he will have to be taken literally. He has no doubt already patched his inner tube until it looks like a crazy quilt, but he'll have to patch it again. So if romance is relying on gas and tires, it's doomed to a disillusionment.

Rationing Is Not New

Rationing isn't exactly new to us, the word itself is fast becoming one of the most common in our vocabulary. People are doing with fewer unrationed products.

Many stores are limiting candy bars and gum three to a customer. Cokes can no longer be bought at any service station along the road. Coffee has been taken off the shelves of some of the leading stores and hidden away for regular customers. Rationing of sugar has resulted in fewer pastries.

To purchase toothpaste and shaving cream requires empty collapsible tubes. Lipsticks and cosmetics are being turned out in non-metal containers. Elastic girdles are practically extinct.

Even Lights are Rationed

Even our lights are being rationed. At least those showing outside the house. Blinds must be drawn one foot beneath the lowest lamp. Porch lights are taboo without a metal shield. Neon lights are out for the duration, and the "milky ways" of our coastal cities look like dark village streets.

Americans have taken all these changes of the past months in their stride, and it's been a small sacrifice compared to that which is being made by our boys overseas.

Whatever future rationing may be in store for us, we'll take that in our stride. Whether it be gas, tires, tea, coffee, razor blades, or bobby pins—we'll accept each one as a point in the final score for victory.

● Collegiate Press Review

November 5 to 7, the Associated Collegiate Press is holding its annual national collegiate press convention in Chicago's famous Hotel Knickerbocker. Although El Don is not sending delegates to the ACP convention, largely because of war restrictions, local journalists are observing with interest the program and the developments which come from the meetings.

El Don has been a member of the ACP for many years and it has been this organization which has granted the imposing series of All American honors to the local Jaysee weekly.

Services of ACP

Many services and advantages come to the ACP member. The association maintains a weekly feature service which is available to all members. A critical service for both yearbooks and newspapers is also maintained for the purpose of pointing out weaknesses and to stimulate and challenge college journalists to make constructive improvements in their publications.

The Collegiate Digest which is distributed each week with El Don is another privilege which goes with an ACP membership. There is, at the present time, a long waiting list of schools desiring to distribute the Digest; consequently, El Don is especially fortunate.

AWS-WAA Delegates To Attend Pasadena Conference

Representatives Leave Today

Representatives and officers of the Associated Women students, and the Women's Athletic Association are leaving this afternoon to attend the Fourteenth Annual AWS-WAA conference now in session at the Vista del Arroyo hotel in Pasadena, Dean of women Agness Todd Miller said today.

Registering at the conference will be Miss Betty Jo Froeschle, AWS secretary-treasurer, and Miss Mildred Day, YWCA president, who will represent the AWS, while Miss Jeanne Clark, WAA president, and Miss Claire McMillen, WAA treasurer, will represent the latter organization. Miss Zenia Leck, adviser of WAA, and Miss Miller, adviser of AWS, plan to accompany the group to Pasadena.

Place Cards Have Been Made

During the past week the local WAA has been making place cards under the direction of Miss Clark for the luncheon tomorrow. The colors used are blue and white, in keeping with the conference theme, which is "Keep 'Em Sailing." Miss Frances Egge, art instructor, advised the group making the place cards.

After registration, conference activities will begin with a formal banquet, followed by ballroom entertainment. Open house will be held later in the evening in order to give the various groups a chance to become acquainted with each other. At midnight, a "Night Watch," or extemporaneous program, will be presented, with each delegation contributing to the sketch.

Interest Groups To Meet

Tomorrow morning, various interest groups will meet separately, each delegate choosing the one she wishes to attend. Miss Clark will lead a group discussion on the topic "Character, Foundation Stone of Democracy." Other topics will be "Participation in National Defense," "Preparing for Work in the Post-War Period," "Practical Demonstrations of Democracy," and "Economy of Time and Money."

Following the interest group discussions will be technique group, discussions. For these, the AWS delegates will choose among "Gearing Our Programs to War Efforts." WAA representatives will choose among "Responsibility and Opportunity," "The Junior College Women Entertain the Service Men," and "Gearing War Work."

An informal recreation hour will follow luncheon. The women will be able to play tennis, badminton, or to swim. Delegates will return home late in the afternoon.

Jr. Optimists' Club Hold Meeting

The Junior Optimists held their first meeting of the year at the local China House cafe, at 7:30 o'clock, yesterday. Advisers Don S. Overturf and W. T. Elliott said today.

JEANNE TURNER, social commissioner, who is helping to plan the annual Soph-Frosh dance.

Chances To Help War Effort Listed For Jaysee Co-eds

(Editor's note: This is the second, of two articles on college women's opportunities for aiding the war effort by working with the Red Cross.)

Many opportunities other than doing production work, staff assistance, and nurse's aides' work exist in the Red Cross organization, of which the local chapter is located at 820 N. Main street.

Among these is hospital and recreational work, which is designed for those 20 years old or over. These women are trained to provide friendly service and recreation for convalescent patients, and they help to win the war by supporting morale and promoting recovery of patients in Army, Naval, and civilian hospitals. Re-storing members of the armed forces to active duty more rapidly is thereby facilitated. Training required is a 15 to 20-hour lecture course and a probationary period in a hospital.

Office Workers Needed

Staff assistance work is general office work. It provides needed aid to Red Cross chapters; it makes their work move along more swiftly and smoothly. Those who can do general office work, such as typing and filing, manning reception desks and telephone switchboards, should consider working a few hours a day at this type of Red Cross work. The training required is a 10-hour course of lectures and practice in office routines.

For those who like to cook or to serve people, the canteen service might prove the answer to what they can do to help win the war. The canteen services are organized, trained groups operating emergency mobile or regular canteens. These groups provide personnel to direct group feeding in disasters, help feed the sick in homes, in large-scale epidemics, and serves food, in emergencies, to the armed forces enroute to camps.

Transportation Services

The motor corps is still another branch of the Red Cross organization. This is the transportation

YWCA Holds First Meeting Of Year

First meeting this year of the Young Women's Christian Association was held Wednesday afternoon in the Women's Lounge, Mrs. Gail Smith and Mrs. Jennie L. Tessmann, advisers of the club, said today.

Speaker of the afternoon was Miss Louise K. Kelley, general secretary of the YWCA in Santa Ana. Miss Kelley spoke on the subject of world friendships, and their need, and the work of the YWCA as an international organization.

Miss Mildred Day, president, reminded the members of the club of the approaching Asilomar conference which is to be held in Santa Cruz this year. The campus organization is planning to send delegates to the conference.

At the close of the meeting, refreshments were served.

Social Calendar

Soph-Frosh Dance—Nov. 13
Christmas Dance—Dec. 11
Football Banquet—Dec. 16

Soph-Frosh Dance Next Friday

The annual semi-formal Sophomore-Freshman dance will be given next Friday, Nov. 13, at the Ebell Clubhouse, Miss Jeanne Turner, social commissioner, said today.

The Buccaneers are to sponsor the dance, and will arrange all details of the affair. Robert Grable is president of the club, with Glenn Woolley as adviser. Efforts are being made to secure an orchestra.

Full details of the dance are to be released at a later date, it was declared. This is the second year that the Buccaneers have sponsored this Sophomore-Freshman affair.

Whiting Leaves Saturday To Attend Convention

Miss Mabel G. Whiting, the junior college registrar, will leave tomorrow for San Jose State College, she said today, in order to attend the annual convention of the Pacific Coast Association of Collegiate Registrars.

The convention is to open at San Jose State College on Monday, and on Tuesday, the association will move to the Stanford campus for the day.

Mrs. Block Will Teach Feature Writing Class

Don S. Overturf, journalism instructor, announced today that Mrs. Gerrie Griffith Block, jaysee gym instructor and magazine writer, will take over his class in feature writing.

Overturf will now be able to devote more time to news service and Del Ano work.

Mrs. Block has sold several articles to both newspapers and magazines, the latest being a Saturday Evening Post article on "Thunderbird Field," a government flying field in Arizona.

Redding Visits Campus

Miss Leona Redding, former jaysee student, was a visitor on the campus today. Miss Redding is in nurse's training at Los Angeles County Hospital.

Post Editor Soon To Be Named

This semester's Tavern Post editor will be named at the Tavern Tattler's first meeting on Tuesday, Nov. 10, in the college library, at 7 o'clock, Mrs. Grace Knipe, adviser, said today.

Deadline for all copy for the Tavern Post is also to be decided at the meeting and officers will be elected.

Mrs. Knipe requested that all members returning this year leave their name with her. The group was formerly advised by T. H. Glenn, now a captain in the army.

Minerology Class Plans Nov. 15 Trip

The evening minerology class, with H. A. Scott as instructor, plan to visit a cement quarry in Riverside county on Sunday, Nov. 15.

The group will leave here about 8 o'clock in the morning and will return late that afternoon. While at the quarries, the class members will attempt to find various mineral specimens, and to classify them. Mr. Scott plans to take his car, while several other members also have offered to take their cars.

Sigma Phi Sigma Tryouts Scheduled For Monday

Tryouts for all music students interested in joining Sigma Phi Sigma are scheduled Monday at 2:30, in BB, Mr. Alan A. Revill announced today.

Sigma Phi Sigma Sigma is the honorary music society of the local campus.

Engineers' Club Meets First Time Next Week

The local chapter of the American Association of Engineers will begin their club activities next week, H. A. Moomaw, adviser of the club, said today.

The group plans to sell chemistry and physics handbooks, as they have done for a number of years.

**STUDENTS 18c UNTIL 4
25c AFTER 4—WITH CARD**

From The Sidelines

By MASON E. TETER

Orange county this year boasts the two strongest football teams in the Southland in Fullerton and Santa Ana jaysees. Both are members of the Eastern conference and in three games with members of the Western division have proved their superiority over the Metropolitan league teams. Always a hotly contested battle, the Thanksgiving tussle this year shapes up as the most unpredictable in history. Both teams have defeated common opponents by relative scores and both are confident of victory.

H. J. Sheffield declares that Joe Mitchell's block of Pasadena's try for point after their second touchdown ranks as the most spectacular play he has ever seen. Mitchell crashed through the Bulldog line and almost beat the ball to the waiting receiver. The psychology instructor ranks this feat above Byron "Whizzer" White's 100 yard dash to paydirt from his own end zone and a similar sprint by "Dutch" Clark, another Colorado immortal, both of whom he has witnessed in action.

Gloomy after watching Pasadena's colored comet, T. D. Floyd, skirt right end for touchdown number two which put the Bulldogs back in the lead, Neal Montanus remarked, "That wouldn't have happened if it hadn't been for Abraham Lincoln."

In a more cheerful mood this week is Don Newquist, regular Don center, who for a few days was haunted by visions of FBI men on his trail. He received his draft questionnaire last week only to find that it should have been returned two weeks before. The reason for this was that it had been mailed first to Don's summer address in Walla Walla, Wash. and finally forwarded to him here. Last Friday he quickied into the Navy's V-5 reserve program to end several restless nights.

Football Coach Tom Lieb of the University of Florida believes that football should carry on as usual in 1943. Army officials also state that competitive sports should be continued next season. All of which is very sporting, but where are we going to get any football players, gentlemen?

Dons Attempt Continuation Of Winning Streak Against Loyola

PAUL SEDAR, former Don, is now in England with the engineering corps of the United States army. While at Santa Ana, Sedar acted as co-captain of the 1940 Scarleteer team and helped pilot the Dons to conference and national championships. He was nominated by Coach Bill Cook to the latter's all-time eleven.

Bill Gulley Leads Scoring Parade

Still leading the individual scoring parade today on the Scarleteer squad is quarterback Bill Gulley who converted two tries for points last week to maintain a narrow margin over threatening rivals.

Only one point behind Gulley in the tabulation are Paul Cleary and Chuck Page who have crossed the final chalkline three times to bring their total to 18 points. Both Cleary and Page have three touchdowns to Gulley's two, but the latter's educated toe has kept him ahead of the pack.

Paul Baxley stands fourth with 13 points to his credit while ends Field Berry and Jim Thornburg are close behind with 12 points.

Other players to chalk up points for the Dons so far are Ken Mitchell and Dick Roehm, 8; Bob Green, 7; Harlan Smith, Bob Ashby, Bill Sheflin and Oliver Fletcher, 6; and Nick Rousso, 1.

Dons Lead In Series With Loyola Team

Gunning for their fourth win in a 17 year old series, the Santa Ana Dons will attempt to add to their number of games won from the latter in the Municipal bowl to Loyola squad when they meet the morrow afternoon.

The first two games played with Loyola were against the Varsity team which probably accounted for the Scarleteer defeats. In '31, '40, and '41, however, the Dons met their more even match in the Frosh squad which they whittled down all three times.

Following is the record of the two teams since 1925:

1925	Santa Ana	0	Varsity	33
1926	Santa Ana	3	Varsity	21
1931	Santa Ana	12	Frosh	6
1940	Santa Ana	13	Frosh	0
1941	Santa Ana	27	Frosh	7

Santa Ana Meets Mystery Eleven

Continuation of a 13 game winning streak is expected tomorrow afternoon when the Santa Ana Dons tackle the invading Loyola "B" squad at the Municipal bowl. The kickoff is slated for 3 o'clock.

Again in the midst of a winning season, the Dons may have their hands full in disposing of the Bees, who from reports will field a strong eleven. Little is known of their strength, however, as they dropped their only game played so far.

The Dons will tomorrow afternoon attempt to equal the record set by the 1940 Dons who ran up a record of 14 consecutive victories without defeat. A win for the North Main streeters tomorrow will equal that feat.

Defense Improved

The Dons, who looked woefully weak at certain times against Pasadena last week, have been working on defense against ground plays and pass defense this week and are expected to show better form. Nothing appears much the matter with their offense which is one of the highest scoring in history.

Against the mystery Bees, Coach Bill Cook will probably start his alternates, in keeping with his policy so far this season. This line-up will be composed of Field Berry and Oliver Fletcher, ends; Jim Blackwell and Frank Childs, tackles; Bob Buliavac and Max Racey, guards; and Bill Sheflin, center.

Starting in the Santa Ana backfield will be Paul Baxley at quarterback; Bob Ashby and Hobart Turley, halfbacks; and Ken Mitchell, fullback.

Unable to start tomorrow's game is Johnny Etchandy, shaken up last week in a traffic accident. Chuck Page is another doubtful starter, but will probably see some action. Hobart Turley has recovered sufficiently so that he will probably start at halfback tomorrow.

Jaysee Quintet Begins Practice December 1

First call for basketball practice will probably be issued Tuesday, Dec. 1, it was learned today. Because of a conference ruling which prohibits all teams to practice before that date, no scheduled practice will be called before then.

Little is known so far about the jaysee quintet. Heavy losses were suffered last year when the entire first string graduated or left school. Forwards Ev Winkler, and Arky Lawrence; guards Jack Klein and Jim Faul; and center Eris Jamison will be missing when the Don five take the floor this year.

BEN BYLAND, '40, star catcher on the championship Don baseball team of a few years ago, is today receiving El Don in the jungles of New Guinea. Byland, now a corporal in the army, won the distinction of being the best jaysee backstop in Southern California.

Heavy Vote Gives Paul Cleary Don Of Week Award

Paul Cleary, end and co-captain of the Don eleven, was today voted Don of the Week by the largest majority of votes yet given any jaysee football player this season.

Cleary stood out like a sailor in an army camp as he knifed through the Bulldog line time and time again to drop Pasadena backs for a loss or break up their plays. He was one of the defensive standouts of the game.

In addition to his sterling defensive performance, Cleary scored the tying touchdown against Pasadena when he took a pass on the Bulldog five and trotted over the final chalkline for six more points.

Co-captain Cleary began his football career at the junior college when he went out last year and started on the Cook eleven as a third string end. Toward the end of the year, however, he had progressed so rapidly that he was shoving the regular ends out of the game most of the time. To climax his rapid rise to the top, he won the most improved player award on the '41 team and was named co-captain for the present season.

Vandermast's clothing store, sponsor of the Don of the Week feature, stated that out of town votes this week had broken all previous records.

Cleary this season became the fourth player to win the Don of the Week award and will receive a bronze key and a large photograph of himself as a reward.

Horns Tie Dons For League Lead

Moving into a tie for first place with Santa Ana's Dons in the Eastern conference standings, the Fullerton Hornets today appeared ready to make their strongest bid for the championship in recent years as they outscored San Bernardino 24-7.

The Dons are again idle in the race this week which gives Fullerton a chance to claim the league lead when they meet Riverside on the former's field. The Hornets are expected to hand the inland eleven their third straight conference loss in as many starts. The other league contest brings together Pomona and San Bernardino, who will fight it out for third place. The Indians are favored to spill the scrappy Raiders and rack up their second conference victory.

Pomona sprang the only real upset of the league race thus far when they outfought the Riverside Bengal 14-13 for their first conference victory. The Red Raiders moved into a tie for third place by virtue of their well deserved win and considerably lowered the esteem in which the supposedly formidable Bengal eleven was previously held.

	W	L
SANTA ANA	2	0
Fullerton	2	0
Pomona	1	2
San Bernardino	1	2
Riverside	0	2

Dons Pile Up Points In Downing Rivals

Outscoring the championship squad of 1940 and last year's team which dropped but one game in 11 starts, the Santa Ana Dons of this year appear to be one of the most powerfully offensive teams yet uncovered by Coach Bill Cook.

To date the locals have scored 140 points in five games which is an average of better than four touchdowns per game. The 1940 squad scored only 104 points in their first five encounters, but also boasted a better defense, holding the opposition to 6 points.

The only scare received so far by Santa Ana occurred last Saturday when they were forced to come from behind in the last quarter to down the Pasadena Bulldogs.

Santa Ana 40 Santa Monica 0
Santa Ana 14 Compton 0
Santa Ana 39 Pomona 6
